

Tri City Brewing – Bay City, Michigan

Tri City Brewing, in operation since 2007, is proud to offer a variety of beers to the local micro beer drinkers. All of our beers are made from 100% malted barley and the freshest available hops. Our small batches insure a unique collection of high quality beers that is second to none!

Proudly offering the following styles.

Phoenix Golden Ale 4.9% ABV, 26.5 IBU.

The original! This was our first beer that was named in honor of the last independent brewery to operate in Bay City, The Phoenix Brewing Company. Phoenix Golden Ale is an authentic German alt beer. The composition of the grain bill results in a dark gold color to Phoenix Golden Ale. Phoenix has a lager-like smoothness with an ale-like taste that is richly malty and long on the finish.

Phelan Irish Red 4.5% ABV, 26.5 IBU.

This beer is an authentic Irish Ale with its own unique flavor. It is medium bodied with a deep ruby color, moderate malt aroma, and a creamy, tan head. The malt characteristics are balanced with a light, smooth bitterness and low hop aroma from traditional English hops. Phelan was awarded a Bronze Medal at the World Expo of Beer in the Spring of 2007!

Brownhoist Nut brown Ale 4.8% ABV, 27 IBU.

Brownhoist draws its name from the rich industrial history of Bay City. Industrial Brownhoist was once a major manufacturer of industrial cranes, where many are still in operation today! Our Nut Brown Ale is medium bodied with a rich mahogany-brown color. We use five different types of premium-malted barley and two hop varieties for the malty flavor with a perfect balance of bitterness and sweetness.

Lumberjack Pale Ale 4.5% ABV, 32.3 IBU.

A traditional style American Pale Ale brewed with 100% malted barley. Lumberjack is full bodied with a perfect citrus hop aroma and smooth hop flavor. Although brewed with plenty of hops, Lumberjack also has plenty of malt character. This traditional style ale is crisp and refreshing presenting a smooth and enjoyable drinking experience for any time of the year.

Fortunato Trappist Ale 7.5% ABV, 22.5 IBU.

A Belgian-style Trappist Ale that is bottled conditioned. This high alcohol and very complex ale is brewed in the finest Belgian tradition. Like most Trappist style ales, Fortunato's complexity comes from using authentic Belgian ingredients as well as an authentic Belgian Trappist ale yeast. Fortunato is definitely a beer that you don't want to miss!

DRY DOCK Dry Irish Stout 4.8% ABV, 36.6 IBU

This stout has a black hull, with planks of mahogany highlights and creamy long lasting tan froth, above deck. It is a medium bodied, smooth stout brewed with four varieties of malted barley in the Irish tradition. The aroma has tides of subtle chocolate with a robust coffee wake. The initial flavor features hints of chocolate and rich coffee that sails smoothly to a dry roasted malt finish with a perfect balance of hop bitterness.

GIANT SLAYER Russian Imperial Stout 8.5% ABV, 71 IBU

This stout is just bursting with an abundance of character! Our biggest beer, coming in at 8.5% abv, is sure to be the new favorite of stout fans. Giant Slayer is an intense stout that presents itself with huge roasted, chocolate, and coffee malt flavors. Although well hopped, this beer is still very balanced. Giant Slayer provides a rich, full bodied drinking experience with dark hints of old world style.

LOON'S Summer Ale 4.8% ABV, 21.1 IBU.

A well balanced blonde ale providing a clean, clear presentation without the heavy cloudiness that is often found in summer wheat-beers. The hops that were selected accentuate the light malt flavor and provide a touch of bitterness. The unique yeast and hop combination give this beer a hint of citrus aroma with a delicate Belgium flavor that provides a refreshing, thirst quenching finish - perfect on a hot summer day at a Loon's baseball game. Loon's Summer Ale is served at every Great Lakes Loons home game at Dow Diamond in Midland, MI ... as well as a few, select, establishments in the Tri-Cities!

Coming soon.

Hell's Half Mile Helles Lager 6% ABV, 20.4 IBU

A Munich Helles Lager that is pale gold with a cream white head. Helles is German for bright. Hell's Half Mile has an appealing grainy aroma with a slightly sweet malty flavor yet perfectly balanced with traditional noble hop characteristics. Don't let the light color fool you, this is full bodied beer that is clean and refreshing.
